Academic rigour and hands-on skills

Our education and training services combine academic, evidence-based rigour with a pragmatic skills-based approach focused on the needs of learners. Our practical, hands-on skills and 'how to' techniques delivered by qualified experts are directly relevant to the modern healthcare environment and can be used immediately.

We understand the challenges faced by staff and organisations working in healthcare today. Flexibility is key, which is why our courses are delivered by experienced NHS staff in a range of ways including:

- Face-to-face (either in-house or off-site)
- Virtual delivery (using a virtual learning environment)
- Digital courses and programmes
- Online coaching
- Course materials tailored to meet the needs of your organisation

Courses are competitively priced, and all can be procured under the Health Education East of England Education Framework.

A trusted partner to the NHS

NHS Professionals is the NHS' leading flexible workforce provider with more than 20 years' experience. Owned by the Department for Health and Social Care, we operate the NHS' largest temporary staff Bank and work closely with more than 100 Trusts, reinvesting our annual surplus back into the wider healthcare economy.

This unique position at the heart of the NHS means we have an in-depth knowledge and understanding of the healthcare landscape, from ward to Board. Our Academy reflects our passion for the NHS and its people and our total commitment to the future of its workforce.
