The Trust:

City Hospitals Sunderland NHS Foundation Trust is committed to providing high quality, safe and personal care to each patient at every single one of its sites. The Trust operates across the region to provide a wide range of specialist, outreach and community-based services – in particular Family Care and Therapy Services. Its two main sites in Sunderland city centre, Sunderland Royal Hospital and Sunderland Eye Infirmary, are regional leaders in care.

Recently named as a 'Global Digital Exemplar' by NHS England, the Trust was awarded £5 million to help transform patient care and engagement with cutting-edge technologies. This funding is helping to make the Trust's visions a reality; making its healthcare more accessible, enabling it to provide care promptly and ensuring patients always come first.

Requirements:

- Full GMC licence to practice
- Minimum of 6 months paid experience in an NHS Trust within the last 2 years
